## MUSCULO-SKELETAL PAIN

Barcelona, 27th-29th October 2017

**Dr. Radha Thambirajah**  
**Dr. Isabel Giralt**

A practice orientated workshop with Dr. Radha Thambirajah

“Where do you feel pain?”

“How would you describe your pain?”

“In what situations do you feel the pain?”

“How long have you been suffering with this pain?”

These are questions we ask patients with muscular or joint pains. But how do these answers help us to decide if it is a hot, cold, damp or wind caused pain? Once diagnosis is made, how to treat these pains? With the right approach using appropriate extra-ordinary therapies such as moxa or hot needles, cooling or dispersing heat with needles electro-stimulation, cupping, cupping massage or wind elimination needle techniques?

The use of the appropriate technique is crucial for a quick and effective pain relief.

You are welcome to join a small workshop group with Dr. Thambirajah in Barcelona over a weekend. In a relaxed working atmosphere, you will be able to learn, discuss, practice and refine your ability to treat any musculo-skeletal pain.

**TOPICS:** Back ache and sciatica, neck and shoulder pain, elbow pain, Pain in fingers, knee pain, hip pain, ankle pain, pain in fingers and toes, fibromyalgia.
